> RE: Office of Regulatory Staff's Bi-Monthly Report of Rescinded PSC Transportation Orders

Dear Ms. Boyd:

The Office of Regulatory Staff ("ORS") regularly files a report every other month with the Commission detailing those transportation Applicants who have failed to comply with the terms and conditions of the Public Service Commission ("Commission") Order; resulting in the automatic revocation of those Orders.
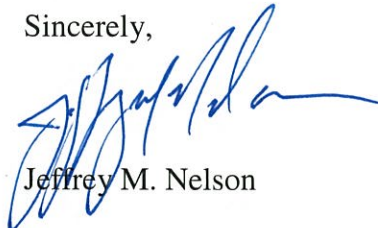

These ORS reports list the transportation entities, any applicable Commission Orders, and additional information, some of which ORS has come to believe is unnecessary and potentially confusing. ORS therefore requests that the Commission approve a revision of these forms to permit ORS to discontinue reporting the information currently contained in Columns F – H. These three columns provide all of each rescinded Applicants' order number(s), order type(s), and order date(s). There are frequently multiple Commission Orders in each case due to the proclivity of Applicant's requesting one or more requests extensions; each of which requires a responsive Commission Order.

In addition to the potential confusion caused by listing these multiple Orders for each Applicant, ORS believes that this information is unnecessary as it is already captured on the Commission Document Management System. Removing these columns would leave the following information: the certificate type, applicant name (and DBA name if applicable), docket number, and rescission date.

Thank you for your consideration of this request.

Sincerely,

Jeffrey M. Nelson
